Citing Legal Materials in APA Style

The 6th edition of the Publication Manual of the American Psychological Association (2009) outlines the citation style for legal materials in the Appendix to Chapter 7 (pp. 216 – 224). Below are suggested formats for common types of legal publications (California and federal sources).

In Text Citations

Court cases:  (Griswold v. Connecticut, 1965)
Statutes (named):  (Child Abuse Prevention and Treatment Act of 1974)
Statutes (no name):  (18 U.S.C. § 2258)

If the name of law is not available, some publications only include the legal citation in the text – e.g. (18 U.S.C. § 2258) – but exclude the source from the References list.
