

CALIFORNIA STATE UNIVERSITY
Stanislaus

Dear Campus Community,

At various times the University Library attempts to obtain input on a topic important to library services. In June 2017, a survey was completed in an attempt to gauge student opinions related to current library hours, proposed extended hours, weekend hours and other information related to use of the library.

The survey was a success in that 1,472 students responded. Based on the results, I believe students have a need for longer library hours especially during midterms and finals. By extending hours, I have to also take into consideration the safety of students as they leave the library. For example, if the library remains open until 2 a.m. in the morning, there would need to be shuttle service to the parking lots.

I invite you to review the survey results and if you have any comments or questions, please feel free to contact me.

Sincerely,

Ron Rodriguez
Dean of Library Services
