

## **CSU Library Instruction Program Mission Statement**

The University Library's Instruction Program supports the University's educational mission and prepares lifelong learners by partnering with academic programs to develop students' information literacy skills in a highly dynamic research environment.

### **Program Goals**

The Library's Instruction Program goals are to:

- Maintain a dynamic and multi-faceted program that reaches every CSU Stanislaus student
- Ensure that all Stanislaus students graduate with college-level information literacy skills by collaborating with faculty
- Engage with students to foster a passion for lifelong learning
- Assess for continuing improvement
